

February 26, 2021

To Deans, Administrative Managers

Director, Information Technology Center  
Kensaku Mori

### Notice of temporary unavailability of NUWNET

Thank you for your continuous cooperation to maintenance of campus wide information network.

We are planning to replace network appliances for campus wide wireless LAN (NUWNET) to keep availability and improve performance of our campus wide information network. Therefore, NUWNET will become temporary unavailable under replacement operation. Details are as follows :

1 Date and time:

Monday, March 8, 2021, 19:00–19:30

2 Influences:

A few minutes unavailability will occur during replacement.

3 Notes

- Ethernet wall jacks that utilize NUWNET based authentication are also affected with this replacement.
- There is no temporary unavailability at eduroam side. Thus, if you want to use NUWNET at above time, please connect to SSID “eduroam” and use it.  
(Note: You cannot see web site for internal use from eduroam.)

Inquiries:

Information Infrastructure Division, Information Promotion Department

Extension: (+Higashiyama 85) 4373, 4374, 4375
