

April 18, 2022

To Deans

Director, Information Technology Center
Kensaku Mori

Notice of temporary unavailability of internet connection
with SINET access line maintenance

Thank you for your continuous cooperation to maintenance of campus-wide information network.

The Internet accesses become temporary unavailable because of SINET access line maintenance. Details are as follows :

1 Date and time:

Wednesday, April 27, 2022, 19:00-21:00

2 Influences:

The Internet connection stops for 40 minutes at the most.

3 Notes:

- The campus-wide LAN (NICE), Jimu LAN (Administration system network), the campus-wide wireless LAN (NUWNET) including "eduroam", and SINET L2/L3 VPN services will affect above influences.
- If you need a network connection to the Internet during above time, please prepare a backup line such as a mobile phone line.

Inquiries:

Information Infrastructure Division, Information Promotion Department

Extension: (+Higashiyama 85) 4373, 4374, 4375
